Greetings:

My name is Kevin Prentiss. I am forty-six years old and reside with my wife Leslie in Edmonds, Washington. I'm currently employed as a Bureau Chief with the Snohomish County Sheriff's Office. I have been with the Sheriff's Office for over twenty-five years. I have held several positions within the office, but have spent the past eight years or so in management. I am a fully commissioned law enforcement officer in Washington State. I have a variety of training and skills I have developed while with the Sheriff's Office (see attached resume).

Leslie and I own a residence in Henderson, Nevada. Our plan has always been to relocate to Nevada when I retire. Leslie has family living in the area (mother and sister). I am exploring the possibility of retiring early from my current career and relocating to Nevada in the near future. Once in Nevada, I would be interested in starting a second career – I'm certainly not ready for full retirement. Leslie's mother, Jean Goldberg, worked for the Las Vegas Convention Center and spoke highly of her experience while employed there. I'm forwarding a copy of my resume to see if my skills and background would fit well with a position (employment) at the convention center, should such an opening arise in the future. Thank you, ahead of time, for any consideration.

Sincerely,

Kevin L. Prentiss
